

‘National Science Day’ celebrated in Udayachal Primary School

On 28th February, 2017 we celebrated ‘National Science Day’.

Our little scientists of Std. 4 explored the ‘How and Why’ in Science. They performed experiments that appeared to be magical.

Students of Stds. 1, 2, 3, as the audience were spellbound, with these ‘TRICKS’ till they were explained that it was fascinating science at work.

Vanishing water: Watch water turn into gel before your eyes!

Cloud in a bottle: Surgical spirit and a bicycle pump create magic!!

Automated balloons: Magical vinegar and baking soda!!

Magnetic magic: Watch the iron filings dance!!

Elephant toothpaste: A fantastic foamy chemical fountain!!

Optical Illusions: Are your eyes playing tricks or is it your brain?

Hungry bottle: Watch the bottle gobble up the water balloon!!
