Winners of the Rangoli competition (First prize)

Winner of the Art Installation (First prize)

Green Teacher Award (First Prize)

Our School Stall

Street Play

Face Painting

AT THE TIGER FEST

The annual 'Tiger Fest' organized by Sanctuary Asia was held on 2nd February 2017, at The Maharashtra Nature Park, Mahim. Our school showcased many environmental activities held during the year along with the events for the day. The students enacted a street play based on environmental issues, sang a song in praise of the earth, designed a rangoli out of waste material, and displayed an art exhibit (papier mache elephant worked on in school) at the fest. The school stall was artistically decorated with informative slogans, posters, stories, puppets, collages and three dimensional squirrels made of seeds, dried leaves etc.

The children gained a lot from the fest. They won laurels for themselves and the school. It was an enriching, fruitful experience.
